

ARGO

Well my eyes are a little better now,
Ill definitely will be able to finish
chapter 15 before Im on vacation.

But i dont think i can manage
chapter 16 since I still have stuff
to take care of.

Anyways, enjoy

Sorry
Tsukihiko

But why
do you
have this?

I took it
without
your
permission

Please
do not take
it again, just
because
you feel
like it

This is
important

Inevitably
I listened
to their
voices

That is
why I
understand

And
watched
their
expressions

*Black Bird
Star Forest*

Its being
angry

That its
not something
so simple

Her slender
figure
dancing
gracefully

Asahi

Every year
it captivates
me

Her form
so dazzling

And makes me
anxious about
the next three days

I always
think about
it

If this goes
on, will you
disappear in
the lake and
never return?

How do
you spend
those days
with the
water god?

Amidst
the Waves

Oh
god of water

Because
Asahi
you are
—

I keep
worrying
and
worrying

What
folly

We return
you food and
drink that you
have abundantly
granted us
by your
grace

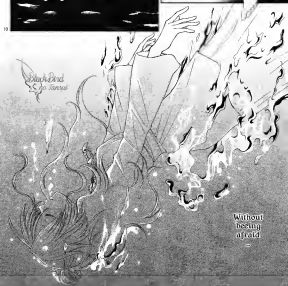

To jump
so easily

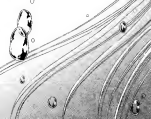

Into the black
black lake

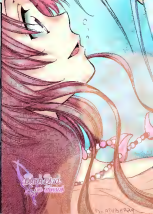

10

Without
being
afraid

But this year
he was already
here the entire
time so what's
the point of
the ritual?

What?

Why
Asahi?!

Were
going out
to play
for three
days

What?
Where?

A big
one you
say ...
uwaaa
wait
Asahi

Subaru
do you
know
any?

Mhhh
I want to
go to a
village
a big
one!

Subaru
look!

Subaru!

It's
beautiful

Because
he was
a great
king

Why
is it
so big?

It's a
tomb,
the tomb
of the
great king

Whats
that?

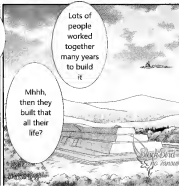

Thats
right

How
weird
...

Mhhh,
then they
built that
all their
life?

Lots of
people
worked
together
many years
to build
it

Its big, ...
Its big but
its not that
diffrent from
our village

Well what
did you want
to see?

A
city

City?

They don't know the word

Fuu

Well
its not
something
a human in
his short life
can do

While thinking
of an invisible
place

Looking
at the sky

I didn't
bring
any rice

What do
you think?
I would
exchange
them for
rice

These
jewels
are
beautiful

This is
a nice
sword
indeed,
I could
accept
this

W-
Want

Would
you ex-
change
for this
sword?

You cant
do that
Subaru!
What a
waste

Ahh
were
you
hungry?

Nop

Im
picking
up some
nuts

Why
did we
come here?
What are
you
doing?

Asahi

水神の生贄

The
Montano
mountain
is on fire
!!!

Pries-
stes!

Stay
away, its
the wrath
of the
mountain
god

This
is a
disaster!

This
is bad!
Subaru,
what should
we do?

Offer
a prayer
to calm
its
anger!

Why
should
I do
that?

I am
not the
mountain
god they're
praying to

Water god
you can
extinguish
the flames!
You can do
that right?

Don't
get
confused

I
am not
a god
that
protects
humans

But you're a
god anyways
you can lend
them your
power!

A
sacrifice
would
dissipate
the gods
wrath!

A
sacri-
fice

We
need a
sacrifice!

Asahi
What are

I
volunteer!

To throw
your life
away for
those things

I have
no inten-
tion of
interfering
again

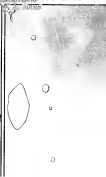

I dont
care if
you burn
till youre
dust

Youre
testing
me again?

Do what
you want

It rains
harder
and
harder

Asahi

I
Lied

Its
hard
to
cry

Ah

However

Somehow
it felt too
strange
so I held
back my
tears

I could cry
like the
overflowing
rain

My
tears
flowing
repeatedly

It was
difficult
and I
remember
I was
crying

It made
me feel
so lonely
so easily

When I
think of
my mother
and father

Just for
saying
these
words

And
probably

Subaru,
please just
cover your
ears for
a second

Now even if I
put it into words,
the god of water
would not listen

Even when
your hands
were small

You were
always
by my
side

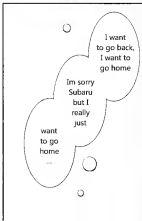

For the
one whose
hands
have grown

You always
desperately
came to my
rescue

These
words
shouldn't
be heard

For
this
person

In this
world

Is like
the only
thing on
your
mind

You're such a fool Asahi

I know

You're
such an
idiot

With your
shaking hands
and your tears

It's Okay

Even if you
suddenly
disappear
in front
of me

Just like
when you
suddenly
appeared
before me

Because
I want you

Have a place
you want to
return to

Its
alright

Water?

I can
see water?

The gods
dragon?!

That
boy!

Its
unthinkable

For that
holy spirit
to appear
here
